When modern design meets the most demanding system of doors and windows, the result is fabulous.

Presenting... Panorama by QFORT

An Aluminium sliding door system with an ultra-slim frame, minimal design, and industry leading performance. The system's huge, glazed area accentuates your outside view, and harmoniously connects the external and internal into one environment.

Motorize your sliding door

Control your sliding door with a remote control and automated opening with safety sensor.

Remote with 2 or 4 channels for motorized sashes

Add Integrated Blinds

Blinds integrated in the glazing package allow you to manage light, privacy, and comfort - and can be controlled remotely.

Characteristics and proven performance

Panorama 7Stars

- Thermal insulation coefficient: U_w = 0.98 W/m²K *
- AWW Test (Air-Water-Wind): A*4 / W*7A/9A / W*C3
- Configurations - up to 6 sashes on 3 rails, also corner opening
- Frame depth:
  - frame with 2 rails - 180 mm
  - frame with 3 rails - 278 mm
- Glazing unit width:
  - minimum 36 mm (double glazed), maximum 54 mm (triple glazed).
- Thickness of the external wall of the profile: Sash 2 mm / Frame 1.5 mm
- Interlock dimension (sight-line): 25 mm

* The value U_w = 0.98 W/m²K has been obtained for a construction with: L - 4,600 mm, H - 2,700 mm, two sashes and glazing with U_g = 0.5 W/m²K.

The range is available in the **Panorama 5Stars** as well.
Sliding systems up to 13.2 m width and 3 m height
