CRUCIFORM DOOR COLLECTION

Express your Personality

Introduction

The Admiral Collection has been designed with a range of versatile styles that come to life with colour and beautiful glass effects.

Choose from traditional, classic and contemporary designs that will look great whether you are in the country, in a traditional town or something more urban for city living.

Select a colour to match an existing external finish or change the face of your home completely with a brand new colour. Think opulence and elegance, beautiful and bold, or maybe consider earth's luxurious shades.

Admiral pvc-u doors are available in any colour, in many designs and with all the robust and low maintenance qualities that modern day living demands.

Enjoy your creation.

Traditional Doors

The Ixworth

A collection of door styles that have been designed to enhance period properties and country homes.

Many of the styles that we have traditionally seen in timber can now be replicated in timber effect PVC-u.

Admiral Collection doors have a woodgrain texture, painted in the colour of your choice so they look, feel and perform like wood but without the same level of maintenance required.

Rich, elegant period door colours give a traditional design more authenticity.

To complete the grand finish choose from our range of historic door furniture.

Contemporary Doors

Often, simple designs have the most impact.

Contemporary doors, minimalist in design and daring in colour can make a real statement at the entrance to your home.

The Brett

Clean Lines

Add the clean and simple lines of etched or bevelled glass to complete the contemporary living look.

Versatility

The illustrations shown below are designed to inspire you.

Your choice of colour, solid panels and decorative glass can dramatically change each door style.

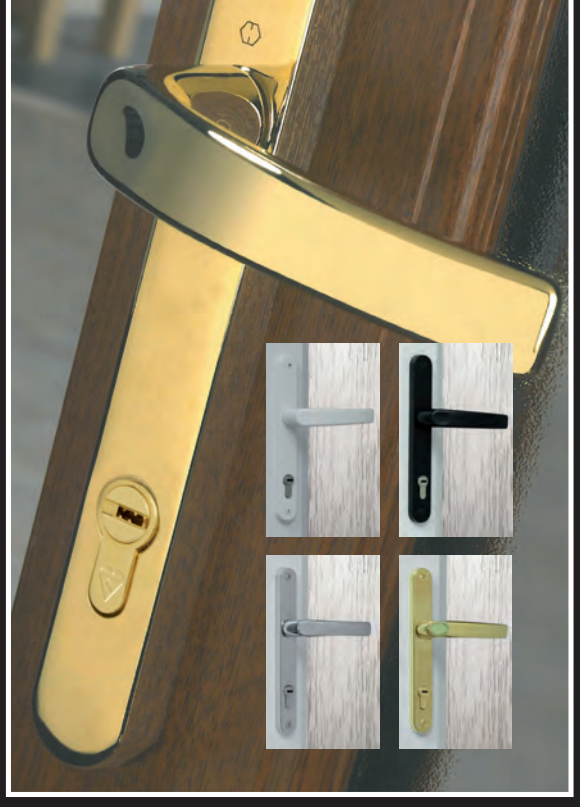
Furniture

Great design is all about the detail.

Our specialist range of door knockers, pull knobs, spy holes and letter plates will provide the finishing touches and all important wow factor.

The range is available in both chrome or brass finish and will enhance and compliment your door design and colour.

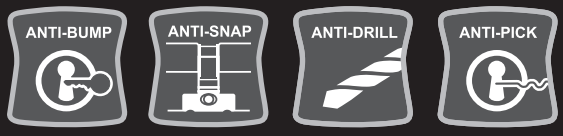
The suite is completed with elegant door handles, available in white, black, chrome or brass to match.



Security

Design should never compromise security, all Admiral Doors are fitted with high security multi-point locks as standard.

Each door comes with 5 security coded keys giving you total reassurance and peace of mind.



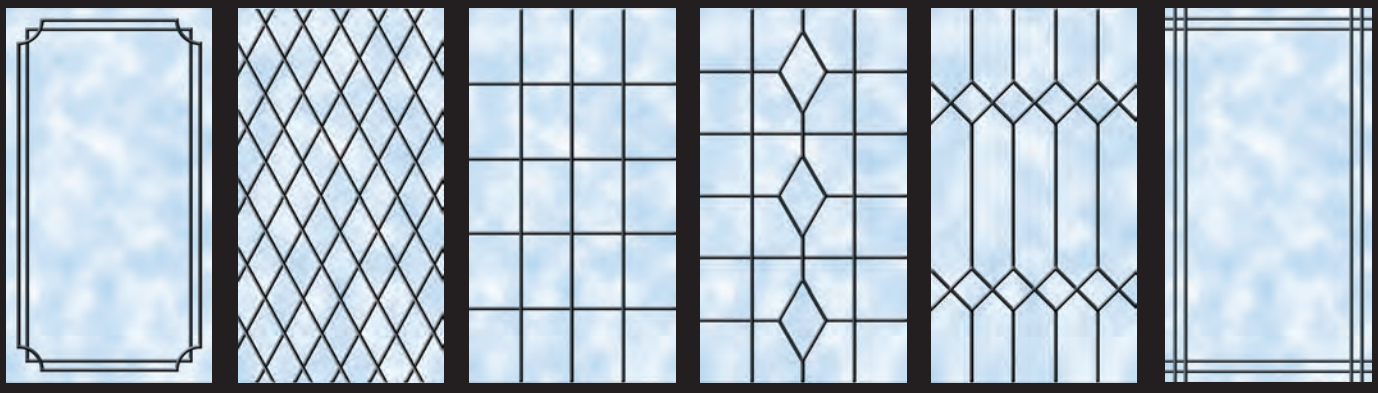
Glazing

Often entrance door design is dictated by the need for extra light, or the desire to retain the original period design.

Our door range not only gives you a terrific choice of colours and designs but the flexibility of our glazing options allow you to either 'go create' a new look or stay classic and authentic.

The options are simply vast and include plain glass, obscured, coloured, etched glass, leaded and bevelled designs.

All of these include a multitude of variations so you are sure to find something to suit the style of your door and property.

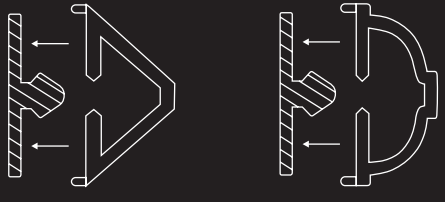


Lead patterns can really help to accentuate period features.

Style and Durability

Our authentic Georgian grille design will instantly create the period look.

Because the bars are fixed to full length aluminium backing strips, there is no risk of the bars warping or bending.

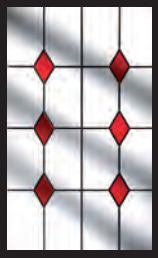


Decorative Glazing

Coloured and bevelled glass designs can offer a traditional appearance, whilst more simplistic etched glass designs give a contemporary look.

The dimensions of these glass patterns can be adapted to suit the style of your chosen door with half, dual, and full height glazed panels often used.

You may wish to personalise your home further by having your house number etched or bevelled within the glass design.



Half Glazed Panels

Dual/Quarter Glazed Panels

Coloured, Leaded, Bevelled or Etched Toplights

Full Height Glazed Panels
