Minimalist design and ease of use characterise this Aluminium sliding system, allowing you to take full advantage of natural light and the beauty of the outdoors.

Discover Paysage 5Stars by QFORT.

Built from the highest quality materials, this sliding system is Engineered to Last. Aluminium profiles provide enhanced strength, whilst the glass units available with double or triple glazing, ensure excellent thermal and sound insulation.

The sashes slide smoothly and silently, providing easy access, and an optimal level of ventilation. Highly customisable to suit your lifestyle needs.

Paysage 5Stars by QFORT. is where comfort and value combine to enhance your home.

We respect the most demanding quality standards

The company is certified in terms of quality through ISO 9001, ISO14001 and ISO 45001. In addition, our products are certified by the IFT Institute Rosenheim in Germany.

Paysage by FORT

This large sliding system allows **openings of up to 6.50 m**.

Central interlock 35 mm

Sash height up to 2.60 m

Sash width up to 2.20 m

Pocket doors with up to 4 wings

Up to 6 sashes with 3 rails

Exceptional benefits

THERMAL PERFORMANCE
- Multi locking points and UV-resistant gaskets provide enhanced tightness and durability.

SECURITY
- 4 locking points and pull-resistant rollers ensure safety comes first.

DESIGN
- Minimalistic profiles for more natural light.

FUNCTIONALITY
- Easy and quiet handling.

Comfort in use

- Easy handling.

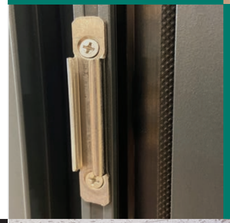
Main sash handle

Secondary sash handle

- **The sashes glide effortlessly** thanks to high-density Acetal roller carriages

ENHANCED SECURITY

4-point locks available for doors above 1.6 m height



INCREASED PROTECTION

Mushroom pin locks protect against forced entry

Finishes and options

FOR MORE COMFORT...

- **High insulation thanks to triple glazing**

Reduce heat loss in winter and maintain the optimal indoor temperature in summer.

- **Venetian blinds integrated into the glass package**

For added comfort, choose Venetian blinds, which allow you to optimally manage the light and protect the windows from the sun's rays.

Characteristics and proven performance

Paysage 5Stars by FORT

- Thermal insulation coefficient U_w = 1.17 W/m²K*
- AWW test: Air 4 / Water 7A / Wind C5
- Installation depth: 70 mm case with two rails – 126 mm case with 3 rails
- The thickness of the glazing: 26 and 36 mm
- The thickness of the outer wall of the profiles: 1.6 mm
- Central interlock dimension: 35 mm
- Number of safety points depending on the height of the sash:
  - From 1,600 to 2,600 mm: 4 closing points
  - From 1,000 to 1,599 mm: 2 closing points
  - From 450 to 999 mm: 1 closing point

** Result obtained for a construction with L = 3,400 mm, H = 1,792 mm, two wings and glazing with U_g = 0.7 W/m²K*

POCKET-SLIDING

- The sashes slide into the wall
- Total exposure to the outside
- Smooth transition
- More natural light
